Re: Letter of application for appointment for open position on the Board of Trustees

JONATHON COTTA

My name is Jonathon Cotta, I would like to be considered for a board member position at Sequoia Union. I believe we need a school board that will lead our students, teachers and administration with their best interest as top priority. In recent years the board has done well navigating through some very heavy decisions. I have learned that if we're not willing to step in to help, then we have no room to complain about the outcome. I have spent several years ministering to young people and families and have lots of practice working with board members.

I have experience serving as a board member on a few boards from 2010 to 2022. I worked closely with the elders of Exeter Church of Christ, as I was a youth minister there for 5 years. During that time, I also served as a board member of Shine, a local mission group. I currently am an Elder of the Exeter Bridge Church. I also have experience running a business as I was a General Contractor. I am familiar with budgets and prioritizing funding and managing goals. In 2015 I changed careers back to land development and since then I have been a supervisor for Tri-county Excavation. I have 2 kids at Sequoia Union, one in 7th grade and the other in 4th grade. My wife is an alumni and Sequoia Union holds a special place for her and our family. I would like to invest in our school with my time and help to ensure they have a great experience at Sequoia Union. I know this role is not easy but am and ready and willing to help however you need me. Thank you for your consideration.

Dear School Board Members, Faculty, Staff, Administration and Parents of Sequoia Union Elementary School,

I have been active in the educational community of California for more than 15 years as a faculty member, educational researcher, volunteer and parent. These experiences have given me a deep and wide understanding of the academic environment in California and the needs of families and students from Preschool to College. Diversity, equity, and inclusion are part of Sequoia Union's fundamental mission and are integral to the SU achievement of academic excellence. Creating, supporting and sustaining a culture of access and equity requires being responsive to students', families, faculty, staff and administrative backgrounds, experiences, cultural perspectives, traditions and knowledge when designing and implementing an educational environment and assessing its effectiveness.

Acknowledging and addressing factors that contribute to differential outcomes among groups of students are critical to ensuring that all students routinely have opportunities to experience high quality instruction, learn challenging content and receive the support necessary to be successful. Addressing equity and access includes both ensuring that all students attain academic proficiency and supporting students from all racial, ethnic, linguistic, gender and socioeconomic groups to attain the highest levels of achievement.

I would be honored to serve our community and school as a Board member for Sequoia Union.

Sincerely,
Melissa Myers

Sincerely,

Members of the Governing Board,

My name is Tim Tucker. I am a fourth-generation farmer from the central valley. I graduated from Fresno State 13 years ago with a degree in Crop Production Management. While there, I met my beautiful wife, Meredith. Who also has an Ag degree. After college we moved to Exeter and started working on our careers. I began farming for a company in Lindsay, where I spent the next 5 years.

It had always been our dream to own our own business and farm our own ground. So, in 2013 we took a leap of faith and started T&M Ranches. We now manage property, own property, and custom spray for others.

At that same time, we also decided to start a family and Meredith became a full time Homemaker. We now have 3 wonderful children. Reagan,8, Gage,5, and Riley,3. Reagan and Gage are currently enrolled at Sequoia Union, and Riley will be soon.

I am interested in being a board member in order to be more involved in my children's education, and to be an active part of our community. Meredith and I have been very blessed, and we believe it is important to give back where possible. I believe that I can bring value to the board with my experiences being a business owner. I understand how to run a company and what it means to have employees depending on you. Also, in these ever changing times, I will use my morals and values to help make decisions when they arise.

I look forward to speaking with each of you in person. Please feel free to contact me if there are any questions.

Sincerely,

Tim Tucker

5. DISCUSSION & REPORTS – 5.1 Superintendent Report

**Superintendent's Report
September 8, 2022**

We continue to fix many things that have been breaking in the Multi-Purpose building (gym-cafeteria) lately. We had a pipe rupture above the ceiling of the women's staff bathroom a month ago and that repair has been completed and the bathroom is reopened. The Staff Room in the Multi-Purpose room has had the mold and water damage removed. After the previous contract was approved, it was determined that the can lights were no longer repairable and an additional cost was incurred for the removal and replacement of all new can lights and electrical wiring for those lights.

I continue to work on creating the Expanded Learning Academy and getting it opened for students after school. We have 3 teachers who are going to teach photography; beginning guitar; and beginning Spanish. We are also buying additional arts and craft supplies for our After School Directors to use in the program. We are pushing the start of the program back to October as we continue to create the program and reach out to get interest from parents.

We have had an uptick in Suspensions in the last week, mainly in the Tk/K area where students are still learning self-control. We have had three additional suspensions in the middle and upper grade levels.

Our 8th grade students have been enjoying lunch in the outdoor patio area to the south of the Middle School blacktop area. The 8th graders are under the shade provided by our new umbrellas that have been installed at each table. The students have been doing a good job of policing their area to make sure all food items get thrown away into the correct areas so we don't have issues with ants or other insects in this outdoor eating area.

We have been under an extreme heat watch each day for the past two weeks. We opened the gym during recess to act as a cooling center for students and we encourage students to drink lots of water and take shade breaks during outdoor recess times.

The heat has also impacted our sports program. We have moved one game to a 9 am morning session.

The Farm tree removal is moving along and a new Greenhouse has been ordered.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation. _____

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>317,545.93</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(21,238.53)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (5.66%) times Part III, Line B19); zero if negative	<u>46,802.66</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (5.66%) times Part III, Line B19) or (the highest rate used to recover costs from any program (0%) times Part III, Line B19); zero if positive	<u>0.00</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>46,802.66</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
<p>Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.</p>	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>not applicable</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	<u>not applicable</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>46,802.66</u>

Respectfully Submitted,

ServiceMaster Representative

ServiceMaster proposes to furnish all the materials and perform all the labor necessary for the completion of the following scope and estimate of repairs.

This estimate is presented utilizing the Xactimate estimating software customized to reflect the specific scope of work presented in this loss.

The work descriptions in this estimate are maintained by a third party, using a customized pricing database accepted by the insurance and property restoration industry, and may not precisely describe the actual work to be completed. It is intended to be used to arrive at the nearest approximate cost of repairs.

To satisfy the needs of the insurance industry, this estimate is written to provide a specific scope of work at a package price. Line items include a description of the work to be done, the unit of measure and quantity needed.

The price list for the regional California market was used for some or all the unit costs. The estimator also may have relied on the use of written or verbal quotes from subcontract labor or suppliers who were deemed capable of completing their respective scopes of work.

Quantities in this estimate are for estimating purposes only and are not guaranteed to be accurate. In some cases, quantities are factored for waste, pattern matching and other circumstances.

ServiceMaster reserves the right to supplement for material cost deviations from the time the estimate was written to the actual time the materials are ordered. Due to fluctuating commodity prices and any delays in the review process by the insurance carrier or ant third party administrator this estimate will be reviewed, and at that time materials are purchased if there are any changes in costs the claims representative and homeowner will be notified of any pending supplements on the project.

Please consider the following:

1. This estimate contains no allowance for the review of ordinance and law.

During work, we may find that your home or commercial building has a pre-existing condition that could require upgrades to meet current building standards and codes. This will require us to obtain permits from your local building jurisdiction, which in turn may cause delays to our normal work schedule.

2. Costs which were unknown currently remain an open line item.

Prior to work starting it is not possible to determine what will be restorable or if there is concealed damage. Mechanical trade bids (ie: plumbing, electric & HVAC) are often not possible to bid before demolition is complete. Open line items and additional costs addressing concealed damage, CODE upgrades or other necessary work related to the restoration of your damaged property will be presented upon discovery and added to the contract amount.

3. Scope may change:

Our opinion as to the building damage assumes a specific scope and methodology of repairs. Any deviation in scope, methods, or conditions, may have a reciprocal effect on this opinion. If this should occur, we reserve the right to review such changes and modify our opinion accordingly.

The accuracy of the assessment is limited to what we were able to inspect visually. This estimate and scope of work represents our professional opinion to restore the property to pre-loss condition.

4. Overhead & Profit has been added to this estimate as it is reasonably likely that a contractor will be hired to perform the repairs described.

This project may entail several different trades.

As a General Contractor, ServiceMaster is required to handle the permit process, OSHA regulations compliance, General Liability Insurance for the project and Workmen's Compensation Insurance for the employees and subcontractors they supervise.

A Contractor's license is required to operate our business in this jurisdiction and will be furnished upon request.

5. Change orders and credits:

Service Master is under no obligation to make any changes, deletions, or alterations in the contract document. Upon reasonable request of the Owner, we may make changes, additions or alterations after a written change order has been executed.

This estimate assumes that the work will be contracted in its entirety. Deletions or additions to the scope of this estimate may result in changes to the pricing within the remaining line items.

Individual line-item pricing includes multiple job costed items like material, labor, soft costs, burden and associated work. Due to administrative costs, work deletions and changes in the scope will result in a partial credit of 80% of listed line item. Some line items cannot be allowed for a credit.

6. Work Process:

Owner shall make all selections and decisions to match existing finishes and materials. However, an exact match is not guaranteed due to such factors as discoloration from aging, a difference in dye lots, discontinuation of products and the general difficulty in matching certain finishes, colors, and surfaces.

7. Work Schedule:

ServiceMaster will make every reasonable attempt to complete the project in a timely manner; however, there is no completion date agreed or a specific time of completion set. Factors that can cause delays in our work schedule can include the discovery of hidden damages, weather, customer specified changes to the scope of work, customer delays in material selections or material upgrade and/or availability. It is impossible to state a definite completion date. However, ServiceMaster continues to pledge to make every reasonable effort to complete the project in a timely manner for you. ServiceMaster must be allowed reasonable access to the property during the production phase. If ServiceMaster is not allowed reasonable access to the property during the production phase of the project, then ServiceMaster will not be held liable for any delay in the completion of the project.

8. Owner Responsibilities:

Owner understands and agrees that the direction and supervision of all workers, including subcontractors, rests with ServiceMaster. Owner agrees not to issue any instruction to or interfere with the workers. Owner is to contact the project coordinator or estimator with any questions or request for additional work not included in the estimate.

Owner agrees not to negotiate for any additional work with workers employed by ServiceMaster or its subcontractors.

During the repair process it can be a dusty and or dirty job and even with all precautions taken, at times, some dust will accumulate. Please take caution to protect your possessions during repairs portion of the project. If any personal property is damaged, and ServiceMaster is at fault, an actual cash value settlement will be made between ServiceMaster and the client and the item that was damaged will become the property of ServiceMaster by Benevento.

9. Warranties:

Upon completion of the contract and receipt of final payment, Service Master will furnish the owner a 1-year warranty that is set forth by the Construction Contractors Board of California. All material warranties are based upon the manufacturer's warranty provisions.

Thank you for choosing ServiceMaster by Benevento for all your Restoration needs. If you need to contact me, please call or e-mail me and I will be more than happy to assist you.

7. OTHER ACTION ITEMS – 7.8 Review and Adopt the Sequoia Union Travel Policy

TRAVEL POLICY

The Board recognizes that travel is essential to district business. Travel expenses include reimbursement of mileage at the approved IRS rate for employees using their vehicles for district business, and conferences and workshops necessary to obtain and improve skills.

Liability Insurance

Employees who use their own vehicles to conduct business of the district's behalf must maintain liability insurance. The employee's insurance will be considered the primary source in seeking a liability claim, and the district will assume, as a secondary source, any liability costs that exceed the employee's required insurance coverage.

District Provided Vehicles

Employees who use district vehicles are expected to have a current California driver's license. As a representative of the District, it is expected the employee will comply with all traffic laws and be considerate.

Conference Request

An Employee Conference/Travel Request must be submitted to attend a conference or workshop. This includes conferences when little or no expense is expected. For day trips, the request must be submitted at least two weeks prior to registration deadline. For overnight trips, the request must be submitted at least four weeks prior to conference registration deadline. Overnight trips are permitted for travel over 150 miles from Lemon Cove.

If multiple employees request to attend the same conference, the district will give preference to the earliest request, and ability to obtain substitutes to cover employees during their absence.

Mileage Reimbursement

Employees that drive a personal vehicle for district business within Tulare County or drive a personal vehicle to attend a workshop or conference are entitled to be reimbursed at the Internal Revenue Service approved mileage rate. A Employee Reimbursement Claim Form must be submitted at the end of each month or after a conference. Travel reimbursement for conferences will be determined by the district.

When three or fewer employees are attending the same conference, one attendee will be designated to drive. Generally, it is preferred the group take a district vehicle. If a district vehicle is not available, only the designated driver will be reimbursed for mileage. Four or more attendees will use a district rental. No reimbursement for use of a personal vehicle is permitted when a district vehicle or rental is obtained for the group.

Employees using a personal vehicle for district business should submit mileage for the calendar month by the 5th of the following month. The form is approved by district administration. The mileage claim will be verified to an internet map before payment by the business department. Payments are processed using an Employee Reimbursement Claim Form.

Meals and Incidentals

Meals for overnight travel will be reimbursed at a daily maximum of \$60. The maximum per meal claim is: breakfast \$15, lunch \$15 and dinner \$30. If a meal is provided by the conference, then a claim for that meal is not allowed. Alcoholic beverages and purchases from a hotel honor bar will not be reimbursed. Tips will be reimbursed up to 15%. Claims for snack foods (non-nutritive, for example chewing gum or mints.) will not be reimbursed. An itemized receipt is required to be submitted with the Employee Reimbursement Claim Form for each meal.

For non-overnight travel, reimbursement is subject to limits and requirements above. Payments will be included in employee's taxable income subject to income and employment taxes to comply with Internal Revenue Code 1.62(2)(5).

Incidentals for parking and hired transportation with substantiation documentation will be reimbursed.

Lodging

The Conference Request for overnight trips must include information regarding lodging, if possible. Any hotel listed on the Conference Request is subject to change. The district will arrange and pay for lodging. Payment will be made directly to the hotel, unless an attendee is otherwise notified. Employees may have their own room.

AB 361 Creates Exemptions to Brown Act Virtual Meeting Requirements During a State of Emergency

On September 15, 2021, the Governor signed Assembly Bill (AB) 361, amending the Ralph M. Brown Act to allow local agencies to continue conducting public meetings remotely during a state of emergency, so long as certain requirements are met. As explained in more detail below, public agencies who wish to conduct meetings remotely on or after October 1, 2021, must make specific findings, every thirty days, and ensure conditions related to public participation are satisfied.

Background

Generally, if a local agency elects to use teleconferencing for a public meeting, the Brown Act requires: (1) a quorum of the legislative body to participate from within the boundaries of the agency's jurisdiction, (2) the public agency to post notice of each teleconference location, and (3) the public be allowed to address the legislative body from each teleconference location.

Beginning in March 2020, Governor Newsom issued Executive Orders (Prior Orders) relaxing these Brown Act provisions, allowing public agencies greater flexibility in holding remote meetings during the COVID-19 pandemic. The Prior Orders, suspending the Brown Act teleconferencing requirements and confirming the use of internet-based service options for holding public meetings, were set to expire on September 30, 2021. In light of this looming deadline, AB 361 was passed and amends the Brown Act to allow public agencies to continue conducting remote meetings during a state of emergency without the need to comply with all of the teleconferencing requirements. While AB 361 was an urgency measure, effective upon the Governor's signature, the Governor also signed a new Executive Order, clarifying that most of the requirements of AB 361 become effective October 1, 2021.

Although the Governor waived the applicability of AB 361 until October 1, 2021, local agencies retain the option of meeting before October 1 to make the required findings under AB 361 in order to hold future meetings remotely. If a local agency does not do so, it will have to have a separate meeting in October to make the necessary findings before any regular or special meetings otherwise scheduled for October can be held remotely.

Applicability of AB 361

Under the urgency legislation, a local agency may utilize the more “relaxed” Brown Act teleconferencing requirements in any of the following circumstances:

1. There is a proclaimed state of emergency, and state or local officials have imposed or recommended measures to promote social distancing; or
2. There is a proclaimed state of emergency, and the local agency’s meeting is for the purpose of determining, by majority vote, whether as a result of the emergency, meeting in person would present imminent risks to the health or safety of attendees; or
3. There is a proclaimed state of emergency, and the local agency has determined, by majority vote, that as a result of the emergency meeting in person would present an imminent risk to the health or safety of attendees.

AB 361 defines a “state of emergency” as a state of emergency proclaimed pursuant to Section 8625 of the California Emergency Services Act. Importantly, this includes the current state of emergency proclaimed by the Governor due to the COVID-19 Pandemic.

To continue to rely on the relaxed teleconferencing provisions, the local agency must reconsider the circumstances of the state of emergency and make the following findings by majority vote, **every 30 days**:

- The state of emergency continues to directly impact the ability of the members to meet safely in person; or
- State or local officials continue to impose or recommend measures to promote social distancing.

Virtual Meeting Requirements Under AB 361

For all remote meetings held under AB 361, local agencies are required to meet the following public participation and notice requirements (note that some of these requirements differ from what had been in place under the Prior Orders):

- Meeting agendas and notices must describe how members of the public may access the meeting and offer public comment, and identify and include an opportunity for all persons to attend via a call-in option or an internet-based service option;
- The public must have the opportunity to address the legislative body and comment in real time. The local agencies may still allow for the public to submit comments in advance of the meeting, but the local agency must also provide an option for the public to comment in real time;
- If a timed public comment period is provided on an agenda, whether on a specific agenda item or in general, registration and the public comment period cannot close until the time has elapsed. If public comment is taken separately on each agenda item, the legislative body must allow a reasonable amount of time per item to allow members of the public the opportunity to provide public comment, register, or otherwise be recognized for the purpose of providing public comment;

- Local agencies are permitted to use platforms which, incidental to their use and deployment, may require users to register for an account with that platform so long as the platform is not under the control of the local agency;
- If there is a disruption in the broadcast of a public meeting using the call-in option or the internet-based option, or there is a disruption within the agency's control which prevents members of the public from offering comments, the agency must not take any action on items appearing on the agenda until full access is restored.

Meeting agendas are not required to be posted at all teleconference locations, and local agencies are not required to make each teleconference location accessible to the public, provided that members of the public are afforded the opportunity to provide public comment remotely.

Takeaways

AB 361 creates statutory exemptions to the Brown Act that extend flexibility for remote public meetings during proclaimed emergencies, through January 1, 2024. For state and local agencies that are subject to the Bagley-Keene Open Meeting Act and the Gloria Romero Open Meetings Act, AB 361 establishes similarly relaxed guidance for virtual public meetings, until January 31, 2022. State and local agencies must give the public notice and an opportunity to comment and participate at meetings in real time, even using remote means, and they must comply with certain prerequisites in order to rely on the remote meeting provisions, including reconsideration of the circumstances and need for remote meetings every 30 days. While this new law relaxes certain remote meeting requirements relating to member participation, agendas, and public accessibility at remote locations, the underlying aim of the Brown Act—to ensure meetings of local agencies be open and public—remains.

Independent Study to Implement Assembly Bill 130 and Assembly Bill 167 (2021) and Assembly Bill 181 (2022)

The Board of Education has previously authorized independent study as an optional alternative instructional strategy for eligible students whose needs may be best met through study outside of the regular classroom setting. (cf. 6158 – Independent Study.) With the enactment of Assembly Bill No. 130 (Ch. 44, Stats. 2021, hereafter “AB 130”), school districts and county offices of education are required to offer independent study for the 2021-2022 school year, with limited exceptions. The subsequent enactment of Assembly Bill 167 (Ch. 252, Stats. 2021, hereafter “AB 167”), added and modified the provisions of independent study for school districts and county offices of education. The enactment of Assembly Bill 181 (Ch. 52, Stats. 2022, hereinafter “AB 181”) in June 2022 reinstated the option for school districts and county offices of education to offer independent study and also modified some independent study provisions for the 2022-2023 school year and following.

Education Code section 51747, as it read prior to July 8, 2021, provided that a local educational agency shall not be eligible to receive apportionments for independent study unless it has adopted and implemented written policies as specified in that statute. AB 130, AB 167, and AB 181 continue the requirement for local educational agencies to adopt and implement written policies, and add additional content required to be included in such policies. This policy and related administrative regulation are intended to supplement Board Policy (“BP”) and Administrative Regulation (“AR”) No. 6158 to include the additional requirements of AB 130, AB 167, and AB 181. To the extent that there is any conflict between this policy and BP and AR No. 6158, the provisions of this policy and administrative regulation shall govern.

For the 2021-2022 school year, the District shall comply with the requirements of AB 130 and AB 167 by either providing an independent study option to all students or contracting with the County Office of Education or through an interdistrict transfer agreement with another school district to provide independent study to students. Alternatively, the District may seek a waiver of the requirement to provide an independent study option. Commencing with the 2022-2023 school year, the District may again choose whether to offer independent study as an alternative educational option.

In computing the average daily attendance of a school district, there shall be included the attendance of pupils participating in independent study for three or more consecutive school days. This Board Policy supersedes any prior policy setting the minimum period at five (5) consecutive schooldays. For the 2021-2022 school year only, there is no minimum time period for participation in independent study. For the 2021-2022 school year only, local educational agencies shall receive apportionment for all school days that students participate in and meet

all other apportionment requirements of independent study while in quarantine or during a school closure.

The Administration shall adopt Regulations implementing this policy in compliance with AB 130, AB 167, AB 181, and related provisions.

Independent Study for 2021-2022 and Subsequent School Years

The Board of Trustees has adopted a policy to implement the requirements of AB 130, AB 167, and AB 181. With the enactment of Assembly Bill No. 130 (Ch. 44, Stats. 2021, hereafter “AB 130”), school districts and county offices of education are required to offer independent study for the 2021-2022 school year, with limited exceptions. The subsequent enactment of Assembly Bill 167 (Ch. 252, Stats. 2021, hereafter “AB 167”), added and modified the provisions of independent study for school districts and county offices of education. The enactment of Assembly Bill 181 (Ch. 52, Stats. 2022, hereinafter “AB 181”) in June 2022 reinstated the option for school districts and county offices of education to offer independent study and also modified some independent study provisions for the 2022-2023 school year and following. This Regulation is intended to implement the additional requirements of AB 130, AB 167, and AB 181. To the extent that there is any conflict between this Regulation and Administrative Regulation No. 6158, the provisions of this Regulation shall govern.

The Sequoia Union Charter School is a dependent Charter School operated by Sequoia Union Elementary School District (“District”). The Sequoia Union Elementary School District Board Policy/Administrative Regulation 6158 and Board Policy/Administrative Regulation 6158.1 shall apply to charter schools operated by the Sequoia Union Elementary School District.

In addition to the educational opportunities offered through independent study provided for in Board Policy/Administrative Regulation 6158, educational opportunities offered through independent study may include, but are not limited to, individualized study for a pupil whose health would be put at risk by in-person instruction, as determined by the parent or guardian of the pupil, or a pupil who is unable to attend in-person instruction due to a quarantine due to exposure to, or infection with, COVID-19, pursuant to local or state public health guidance.

1. Content Standards

The provision of content aligned to grade level standards that is provided to pupils during the 2021-2022 school year in the independent study program shall be at a level of quality and intellectual challenge substantially equivalent to in-person instruction. Beginning with the 2022-2023 school year the content shall be aligned to grade-level standards that are substantially equivalent to in-person instruction. For high schools, this shall include access to all courses offered by the local educational agency for graduation and approved by the University of California or the California State University as creditable under the A–G admissions criteria.

2. Student Educational Progress

The Superintendent or designee, as applicable, shall conduct an evaluation to determine whether it is in the pupil's best interest to remain in independent study or be returned to in-person instruction if the pupil is not making satisfactory educational progress, or if the pupil has missed more than the assignments permitted by Board Policy/Administrative Regulation 6158. For pupils with exceptional needs, the pupil's individualized education program team shall assist in making the determination. Satisfactory educational progress shall be determined based on all of the following indicators:

(A) The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil achievement and pupil engagement, including but not limited to the student's attendance and absenteeism.

(B) The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.

(C) Learning required concepts, as determined by the supervising teacher.

(D) Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

For pupils with exceptional needs, indicators of satisfactory educational progress should include the pupil's progress on their individualized education program goals.

Notification of the pupil's educational progress will be reported and communicated to the pupil, or the pupil's parent, guardian, or caregiver if the pupil is less than 18 years of age.

3. Reengagement Strategies

For the 2021-22 school year, the District shall ensure that measures are taken to re-engage pupils who were not generating attendance for more than three schooldays or 60 percent of the instructional days in a school week, or 10 percent of required minimum instructional time over four continuous weeks of a local educational agency's approved instructional calendar, pupils found not participatory pursuant to Education Code Section 51747.5 for more than the greater of three schooldays or 60 percent of the scheduled days of synchronous instruction in a school month as applicable by grade level, or pupils who are in violation of their written agreement pursuant to Education Code section 51747(g), Board Policy/Administrative Regulation 6158 and this policy.

Beginning in the 2022-23 school year, the District shall ensure that measures are taken to re-engage pupils who are not generating attendance for more than 10 percent of required minimum instructional time over four continuous weeks of a local educational agency's approved instructional calendar, pupils found not participatory pursuant to Education Code Section 51747.5 for more than 50 percent of the scheduled times of synchronous instruction in a school month as applicable by grade level, or pupils who are in violation of their written agreement

pursuant to Education Code Section 51747(g), Board Policy/Administrative Regulation 6158, and this policy.

Tiered reengagement strategies shall include all of the following:

(A) Verification of the pupil's current contact information.

(B) Notification to parents or guardians of lack of participation within one school day of the recording of a non-attendance day or lack of participation. Notification will be by written, telephonic, or other forms of direct communication.

(C) A plan for outreach to determine pupil needs, including connection with health and social services as necessary. As determined appropriate by the Independent Study administrator, the District may pursue the following activities to determine and support pupil needs:

Outreach Plan:

Communication between the family and school staff to determine the best way to re-engage the pupil in the Independent Study program;

- a. SST meetings to examine pupil achievement data as well as evaluation of the pupil's strengths and areas of growth;
- b. Based on SST, referral to MTSS systems of support for targeted intervention in the identified area of need;
- c. Referral to school-based mental health services;
- d. Additional training for Independent Study teachers;
- e. Home visits, using Child Welfare and Attendance support;
- f. Technology check to ensure digital access is supported by all means possible;
- g. Connecting the family to Community Liaison support personnel.

(D) Contact the pupil, or, if the pupil is under 18 years of age, the parent/guardian/caregiver, to schedule a pupil-parent-educator conference to review the pupil's written agreement and reconsider the independent study program's impact on the pupil's achievement and well-being, consistent with the provisions of Board Policy/Administrative Regulation 6158 and this policy regarding missed assignments and satisfactory educational progress. "Pupil-parent-educator conference" means a meeting involving, at a minimum, all parties who signed the pupil's written independent study agreement.

(E) Beginning with the 2022-2023 school year, local programs to address chronic absenteeism, as appropriate.

This section shall not apply to pupils that participate in an independent study program for fewer than 15 cumulative schooldays in a school year. Beginning in the 2022-23 school year, this

section shall also not apply to pupils enrolled in a comprehensive school for classroom-based instruction who, under the care of appropriately licensed professionals, participate in independent study due to necessary medical treatments or inpatient treatment for mental health care or substance abuse.

4. Synchronous Instruction and Live Interaction

Instruction shall be provided to all pupils in the independent study program in accordance with the pupil's written agreement, and shall include the following:

(A) For pupils in transitional kindergarten, kindergarten, and grades 1 to 3, inclusive, daily synchronous instruction shall be provided for all pupils throughout the school year.

(B) Pupils in grades 4 to 8, inclusive, will be provided opportunities for both daily live interaction and at least weekly synchronous instruction for all pupils throughout the school year.

(C) Pupils in grades 9 to 12, inclusive, will be provided opportunities for at least weekly synchronous instruction for all pupils throughout the school year.

"Live interaction" means interaction between the pupil and District classified or certificated staff, and may include peers, provided for the purpose of maintaining school connectedness, including, but not limited to, wellness checks, progress monitoring, provision of services, and instruction. This interaction may take place in person, or in the form of internet or telephonic communication.

"Synchronous instruction" means classroom-style instruction or designated small group or one-on-one instruction delivered in person, or in the form of internet or telephonic communications, and involving live two-way communication between the teacher and pupil. Synchronous instruction for traditional independent study shall be provided by the teacher of record for that pupil pursuant to Education Code Section 51747.5. Beginning in the 2022-23 school year, synchronous instruction for traditional independent study shall be provided by a teacher or teachers of record for that pupil pursuant to Education Code Section 51747.5.

This section shall not apply to pupils that participate in an independent study program for fewer than 15 cumulative schooldays in a school year. Beginning in the 2022-23 school year, this section shall also not apply to pupils enrolled in a comprehensive school for classroom-based instruction who, under the care of appropriately licensed professionals, participate in independent study due to necessary medical treatments or inpatient treatment for mental health care or substance abuse.

5. Returning to In-Person Instruction

Pupils whose families wish to return to in-person instruction from independent study may notify a designated contact person set forth in the pupil's written agreement, or the supervising teacher or Independent Study Administrator who signed the written agreement. Upon notice from the pupil's family that a return to in-person instruction is desired, the Independent Study Administrator shall provide for the pupil's return to the school of the pupil's previous in-person attendance, or such other school as is appropriate for the pupil's grade level and place of residence, no later than five instructional days after the request is received. For pupils with exceptional needs whose individualized education program provides for participation in independent study, the pupil's individualized education program shall be revised to reflect the pupil's return to in-person instruction from independent study.

This section shall not apply to pupils that participate in an independent study program for fewer than 15 cumulative schooldays in a school year. Beginning in the 2022-23 school year, this section shall also not apply to pupils enrolled in a comprehensive school for classroom-based instruction who, under the care of appropriately licensed professionals, participate in independent study due to necessary medical treatments or inpatient treatment for mental health care or substance abuse.

6. Master Agreement

A current written agreement for each independent study pupil shall be maintained on file. Each pupil's written agreement for independent study shall include, but not be limited to, all of the following:

(A) The manner, time, frequency, and place for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding the pupil's academic progress.

(B) The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.

(C) The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.

(D) A statement of the adopted policies regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.

(E) The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.

In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Education Code Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.

(H) A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.

Signed written agreements, supplemental agreements, assignment records, work samples, and attendance records assessing time value of work or evidence that an instructional activity occurred may be maintained as an electronic file. An electronic file includes a computer or electronic stored image of an original document, including, but not limited to, portable document format, JPEG, or other digital image file type, that may be sent via fax machine, email, or other electronic means. Either an original document or an electronic file of the original document is allowable for auditing purposes.

Written agreements may be signed using an electronic signature that complies with state and federal standards that may be a marking that is either computer generated or produced by electronic means and is intended by the signatory to have the same effect as a handwritten signature. The use of an electronic signature shall have the same force and effect as the use of a manual signature if the requirements for digital signatures and their acceptable technology, as provided in Section 16.5 of the Government Code and in Chapter 10 (commencing with Section 22000) of Division 7 of Title 2 of the California Code of Regulations, are satisfied.

For the 2021–22 school year only, the District shall obtain a signed written agreement for an independent study program of any length of time from the pupil, or the pupil's parent or legal guardian if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil no later than 30 days

after the first day of instruction in an independent study program or October 15, whichever date comes later.

Beginning in the 2022-23 school year, for a pupil participating in an independent study program that is scheduled for more than 14 schooldays, each written agreement shall be signed, before the commencement of independent study, by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and the certificated employee designated as having responsibility for the special education programming of the pupil, as applicable.

7. Independent Study Enrollment and Notice

For the 2021–22 school year only, the District shall notify the parents and guardians of all enrolled pupils of their options to enroll their child in in-person instruction or independent study during the 2021–22 school year. This notice shall include written information on the District's internet website, including, but not limited to, the right to request a pupil-parent-educator conference meeting before enrollment pursuant to this section, pupil rights regarding procedures for enrolling, disenrolling, and reenrolling in independent study, and the synchronous and asynchronous instructional time that a pupil will have access to as part of independent study.

For the 2021–22 school year only, if 15 percent or more of the pupils enrolled in the District speak a single primary language other than English, as determined from the census data submitted to the California Department of Education (CDE) in the preceding year, the written information shall, in addition to being written in English, be written in the primary language.

For the 2021–22 school year only, upon the request of the parent or guardian of a pupil, and before signing a written agreement with the pupil's parent or guardian, the District shall conduct a telephone, videoconference, or in-person pupil-parent-educator conference or other school meeting during which the pupil, parent or guardian, and, if requested by the pupil or parent, an education advocate, may ask questions about the educational options, including which

curriculum offerings and nonacademic supports will be available to the pupil in independent study, before making the decision about enrollment or disenrollment in the various options for learning. Beginning with the 2022-2023 school year, before signing a written agreement, the parent or guardian of the pupil may request that the District conduct such a conference.

8. Quarantines

For the 2021-22 school year only, the District is eligible to receive apportionments for independent study for pupils that are subject to quarantine for exposure to, or infection with, COVID-19 pursuant to local or state health guidance, and the pupil cannot participate in classroom-based instruction due to the quarantine, and for the school closures due to COVID-19 pursuant to subdivision (c) of Section 41422. The District shall receive apportionment for these pupils for all schooldays that they participate in and meet all other apportionment requirements of independent study while in quarantine or during a school closure.

For the 2021-22 fiscal year, a classroom-based charter school that provides an independent study program pursuant to this article for pupils that are subject to quarantine for exposure to, or infection with, COVID-19 pursuant to local or state health guidance, and the pupil cannot participate in classroom-based instruction due to the quarantine, shall not attribute quarantine-based independent study average daily attendance required pursuant to law for a nonclassroom-based charter school, and shall not be required to submit a request for funding determination as a result of providing independent study to quarantined pupils.

These provisions regarding quarantines shall apply only to pupils participating in independent study due to quarantine who do not have the option of in-person instruction, and only for the period of quarantine mandated pursuant to state or local health guidance or order. This provision regarding quarantines shall not apply to classroom-based charter schools offering independent study to pupils who parents or guardians have requested independent study pursuant to Education Code Section 51745(a).

9. Assessment and Documentation of Work Product and Participation

The independent study by each pupil shall be coordinated, evaluated, and, shall be under the general supervision of an employee of the District who possesses a valid certification document pursuant to Education Code Section 44865 or an emergency credential pursuant to Education Code Section 44300, registered as required by law.

Previously, apportionment credit for independent study may be claimed only to the extent of the time value of pupil work products, as personally judged in each instance by a certificated teacher employed by the local educational agency

Beginning in the 2022-23 school year, apportionment credit for independent study may be claimed to the extent of the time value of pupil work products, as personally judged in each instance by a certificated teacher employed by the local educational agency, or the combined

time value of pupil work product and pupil participation in synchronous instruction. It is the intent of the Legislature that teachers be given access to digital assignment tracking systems to reduce workload associated with evaluating and accounting for pupil work.

The maximum length of time that may elapse between the time an independent study assignment is made and the date by which the pupil must complete the assigned work shall be no more than two weeks. After five consecutive missed assignments under the Independent Study Agreement, and indications of unsatisfactory educational progress as described above, an evaluation will be made to determine whether the pupil should remain in Independent Study.”

The average daily attendance computed for purposes of computing average daily attendance for each pupil enrolled in independent study shall not result in more than one unit of average daily attendance per pupil.

The District shall document each pupil’s participation in live interaction and synchronous instruction pursuant to Education Code Section 51747 on each schoolday, as applicable, in whole or in part, for which live interaction or synchronous instruction is provided as part of the independent study program. A pupil who does not participate in scheduled live interaction or synchronous instruction shall be documented as nonparticipatory for that schoolday for purposes of pupil participation reporting and tiered reengagement pursuant to Education Code Section 51747.

A local educational agency shall maintain written or computer-based evidence of pupil engagement that includes, but is not limited to, a grade book or summary document that, for each class, lists all assignments, assessments, and associated grades.

For purposes of these documentation requirements, a local educational agency shall not be required to sign and date pupil work products when assessing the time value of pupil work products for apportionment purposes.

10. Student Participation

Beginning in the 2022-23 school year, an individual with exceptional needs, as defined by Education Code Section 56026, may participate in independent study, if the pupil’s individualized education program pursuant to Article 3 of Chapter 4 of Part 30 specifically provides for that participation.

Beginning in the 2022-23 school year, a pupil’s inability to work independently, the pupil’s need for adult support, or the pupil’s need for special education or related services shall not preclude the individualized education program team from determining that the pupil can receive a free appropriate education in an independent study placement.

A temporarily disabled pupil shall not receive individual instruction pursuant to Education Code Section 48206.3 through independent study.

COURSE-BASED INDEPENDENT STUDY

1. Certification

Courses shall be annually certified by Board resolution to be of the same rigor, educational quality, and intellectual challenge substantially equivalent to in-person instruction and equivalent classroom-based courses and shall be aligned to all relevant local and state content standards. For high schools, this shall include access to all courses offered by the district for graduation and approved by the University of California or the California State University as creditable under A-G admissions criteria.

This certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each school day that pupil is enrolled, number of equivalent total instructional minutes, the number of course credits for each course, and a plan for synchronous instruction and live interaction. This information shall be consistent with that of equivalent classroom-based courses.

2. Synchronous Instruction and Live Interaction

The plan regarding live interaction and synchronous instruction shall include the following:

(A) For pupils in transitional kindergarten, kindergarten, and grades 1 to 3, inclusive, opportunities for daily synchronous instruction shall be provided for all pupils throughout the school year.

(B) Pupils in grades 4 to 8, inclusive, will be provided opportunities for both daily live interaction and at least weekly synchronous instruction for all pupils throughout the school year.

(C) Pupils in grades 9 to 12, inclusive, will be provided opportunities for at least weekly synchronous instruction for all pupils throughout the school year.

These opportunities for synchronous instruction and live interaction replace the previous requirement of communication with each pupils at least twice per calendar month.

“Live interaction” means interaction between the pupil and District classified or certificated staff, and may include peers, provided for the purpose of maintaining school connectedness, including, but not limited to, wellness checks, progress monitoring, provision of services, and instruction. 3. Student Participation

Beginning in the 2022-23 school year, an individual with exceptional needs, as defined by Education Code Section 56026, may participate in course-based independent study, if the pupil’s individualized education program pursuant to Article 3 of Chapter 4 of Part 30 specifically provides for that participation. A temporarily disabled pupil shall not receive individual instruction pursuant to Education Code Section 48206.3 through course-based independent study.

4. Satisfactory Educational Progress

Satisfactory educational progress shall be determined based on all of the following indicators:

If satisfactory educational progress is not being made in one or more courses, the certificated employee providing instruction shall notify the pupil and, if the pupil is under age 18 years, his/her parent/guardian. The certificated employee providing instruction shall conduct an evaluation to determine whether it is in the pupil’s best interest to remain in the course or whether he/she should be referred to an alternative program, which may include, but is not limited to, a regular school program. For pupils with exceptional needs, the pupil’s individualized education program team shall assist in making the determination. A written record of the evaluation findings shall be a mandatory interim student record maintained for

three years from the date of the evaluation. If the pupil transfers to another California public school, the record shall be forwarded to that school.

Written or computer-based evidence of satisfactory educational progress shall be retained for each course and pupil, including, at a minimum, a grade book or summary document that lists all assignments, examinations, and associated grades for each course.

5. Reengagement Strategies

The District will take measures to re-engage pupils who are not making satisfactory educational progress in one or more courses, or who are in violation of the written learning agreement.

Procedures for tiered reengagement strategies shall include all of the following:

(A) Verification of the pupil's current contact information.

(B) A plan for outreach to determine pupil needs, including connection with health and social services as necessary. As determined appropriate by the Independent Study administrator, the District may pursue the following activities to determine and support pupil needs:

"Pupil-parent-educator conference" means a meeting involving, at a minimum, all parties who signed the pupil's written independent study agreement pursuant to subdivision (b) of Section 51749.6.

6. Returning to In-Person Instruction

Pupils whose families wish to return to in-person instruction from independent study may notify a designated contact person set forth in the pupil's written agreement, or the supervising teacher or Independent Study Administrator who signed the written agreement. Upon notice from the pupil's family that a return to in-person instruction is desired, the Independent Study Administrator shall provide for the pupil's return to the school of the pupil's previous in-person attendance, or such other school as is appropriate for the pupil's grade level and place of residence, no later than five instructional days after the request is received. This section shall not apply to pupils that participate in an independent study program for fewer than 15 cumulative schooldays in a school year.

For pupils with exceptional needs whose individualized education program provides for participation in independent study, the pupil's individualized education program shall be revised to reflect the pupil's return to in-person instruction from independent study.

7. Master Agreement

Before enrolling a pupil in a course within this program, the Superintendent or designee shall provide the pupil and, if the pupil is under age 18 years, his/her parent/guardian with a written learning agreement that includes all of the following:
